

INSTALLATION INSTRUCTIONS

SAFETY WARNING:

- This lighting fixture must be installed by a qualified contractor, in accordance with local and national electrical codes.
- Make sure all power is turned off before installing or performing any maintenance.
- Mount can become hot, allow to cool before performing any maintenance.
- Mount is not submersible and must be installed above ground.

MOUNTING:

1. Use thread sealant to seal the fixture stem threads to the cover plate.
2. Mount the housing directly to surface.

ELECTRICAL WIRING:

1. J-box is approved for low voltage fixtures.
2. Connect fixture wires to low voltage supply wires using waterproof wire connectors. Use wire rated for min. 90° C.
